

Mission Villes intelligentes et climatiquement neutres

Objectif : soutenir 100 villes européennes à devenir climatiquement neutres à l'horizon 2030

- Pour les villes ou intercommunalités de plus de 50 000 habitants
- Lancement au 1er trimestre 2021

The selection process

APPLICATION PROCESS

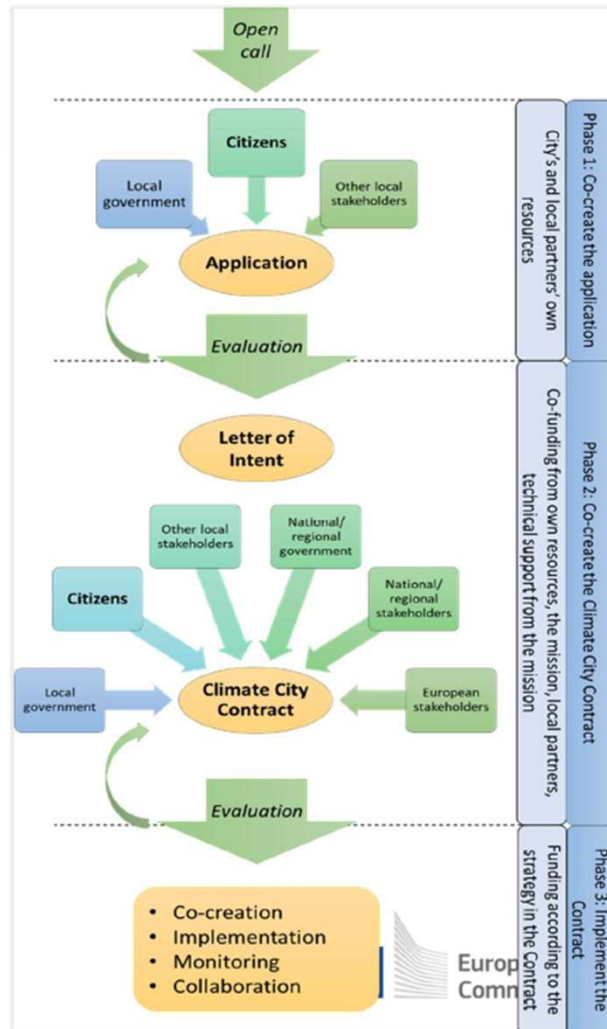

- Open, flexible and inclusive
- Based on co-creation

SELECTION OF CITIES

- Cities of all sizes, contexts and types
- Wide and balanced geographical coverage
- Commitment to engage the citizens in all phases

MONITORING PROGRESS

- Endpoint: mitigate and offset all GHG emissions
- Quantitative and qualitative indicators

Le processus de sélection en 3 phases

- 1) Lancement AMI
- 2) Co-création du Climate City Contract
- 3) Mise en oeuvre du contrat et échange d'expériences

Les différents niveaux d'entrée dans la mission :

- 1) Villes moins avancées
- 2) Villes avancées
- 3) Villes précurseurs

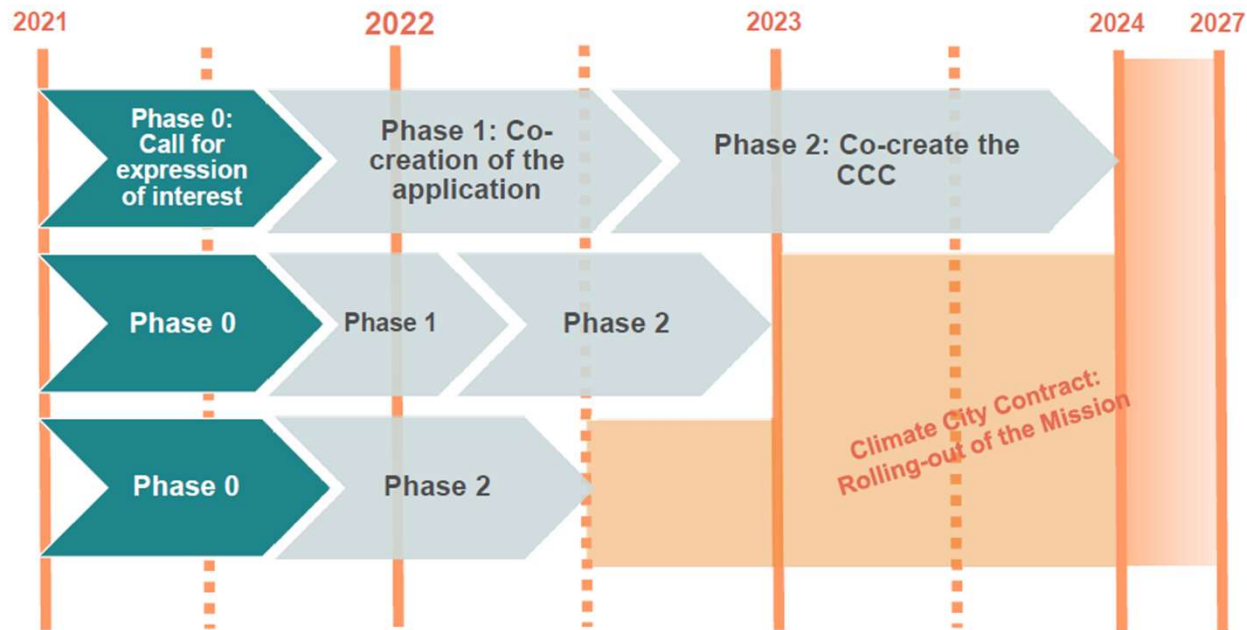

Leaving no one behind

Entry level 1: <i>Beginner</i> Preparedness: low	Entry level 2: <i>Experienced</i> Preparedness: medium	Entry level 3: <i>Frontrunner</i> Preparedness: high
What you lack <ul style="list-style-type: none">- Complete strategy- Capacity- Partnerships- Financial means What you have <ul style="list-style-type: none">- Great ambition- Small-scale pilots- Limited international network	What you lack <ul style="list-style-type: none">- Complete strategy- Strong capacity- Strong partnerships- Financial means What you have <ul style="list-style-type: none">- Great ambition- Large-scale pilots- First-hand experience- International network	What you lack <ul style="list-style-type: none">- Financial means for deployment What you have <ul style="list-style-type: none">- Complete strategy including governance- Strong partnerships- Strong capacity- Wide international network

Mission Implementation - by preparedness
